Mol Cell Pharmacol: Our Endless War with Microbes

Table of Contents

Special Issue

Special Issue: Our Endless War with Microbes <i>Guest Editor: Sailen Barik, Ph.D.</i>	ABSTRACT PDF 87
Introduction: Our Endless War with Microbes <i>Sailen Barik</i>	ABSTRACT PDF 89-90
Anti-parasite Drug Targets in The Post-genome Era: What Have We Learned and What's Next? <i>Sailen Barik</i>	ABSTRACT PDF 91-95
Nanobiosciences: A Contemporary Approach in Antiparasitic Drugs <i>Ruchika Bhardwaj, Prakash Saudagar, Vikash Kumar Dubey</i>	ABSTRACT PDF 97-103
Apicomplexan Cyclophilins in Host-parasite Interaction and Their Potential as Anti-parasitic Drug Targets <i>Hany M. Ibrahim, Yoshifumi Nishikawa</i>	ABSTRACT PDF 105-115
The Enzyme NADH-fumarate Reductase in Trypanosomatids: a Potential Target against Parasitic Diseases <i>Julio F. Turrens</i>	ABSTRACT PDF 117-122
